M. BEREN ICSEL **Senior Global Sales and Marketing Manager** **Boeing Defense, Space and Security**

Beren Icsel is currently assigned to Boeing's Aircraft Modification and Modernization business in Oklahoma City providing Business Development/Capture Team Leadership for the E-7 Airborne Early Warning and Control program focused on Marketing & Sales, Strategy & Innovation, and New Business

Integration. He had previously supported Boeing's Executive Transport division leading campaigns and proposals for VC-25, C-32, C-40, and International Head of State programs.

Prior to moving to Oklahoma City, Beren served as the Senior Integrated Logistics Support Program Manager, where he leveraged his customer, product, and process knowledge to ensure the continued health and growth of the V-22 Osprey and CH-46 Sea Knight programs located at the Boeing Philadelphia site. Beren transitioned to The Boeing Company in January 2008 initially as the Supply Chain Manager for H-47 Chinook Final Production and Flight Test, with challenging follow on Operations assignments managing site-wide Property Management and Supply Chain teams.

Before coming to Boeing, Beren served for over nine years as a US Naval Supply Corps Officer, where he held progressively challenging leadership roles in logistics, acquisition, supply chain, and project/program management. As a Program Integrator at the Defense Contract Management Agency, he led a multi-functional government team providing contract oversight of the CV-22 program. Prior to moving to Philadelphia, he led the Supply Department onboard the USS HOWARD (DDG-83) ensuring the logistical needs of a billion dollar warship. He has also worked at the Naval Sea Systems Command, Washington DC as an Acquisition Logistics Analyst; providing project management oversight and support to both the Team Sub Program Office and the Navy Maintenance and Modernization Office (SHIPMAIN). As an assistant department head at US Naval Activities, London, United Kingdom, Beren was recognized for his adaptability following the 9/11 terrorist attacks, stretching from a logistics and purchasing function to providing operations and security leadership for overseas military facilities. Beren began his military career serving as a Supply Division Officer onboard the mighty warship, USS ANZIO (CG-68)

While in Philadelphia, Beren also had the opportunity to teach as an Adjunct Professor of Business Analytics at St Joseph's University, where he previously completed the Masters of Science in Business Intelligence program. Working full-time under an accelerated schedule, he also earned a Master's in Business Administration from Villanova University specializing in Management Information Systems and International Business. As an undergraduate from the University of Oklahoma, Beren received his Bachelor of Arts degree in History on a Naval ROTC scholarship award. In addition, he is DAWIA certified in Program Management and Integrated Logistics Support from the Defense Acquisition University and is a proud graduate of the DASN ATL's Business Resource Management Program at The University of Virginia's Darden School.

Originally from Houston, Texas, Beren lives near Oklahoma City, OK and is married to the former Dr. Kerry Anne Wheeler. They have three sons, Kieran, Connor and Cameron.
